

Kao Yi Technology

Tool equipment:

Name of Tool	Type	Quantity
HEAKE	LV1577	1
Hartford	MVP-13	1
Hartford	MVP-10	1
Hartford	VMC-1020S	1
KAO MING MACHINERY	KMR-700DS	1
Hung Ho	CH-1000C	1
CHUN YUAN MACHINERY	CNY-4070AH	1
SCARMAX	S550	2
SCARMAX	S1060	2
PHOEBUS MACHINERY	P3M-S300A	2

Our Philosophy: Continues improvement . Excellence . Communication

Continues improvement: Regardless any cost to improve design ability and hard tool development standard, always do the best we can

Excellence: Professionally produce the best product and worth every penny that customer paid

Communication: Communicate with customer before kick off tool, help customer to minimize cost and create more advantage

Kao Yi Technology Corporation established in 1984, main business is tool development and manufacturing. Profession and responsibility are in our blood, from product design, mold flow analyze, tool development, material process, and product manufacturing. Vertical consolidate to reduce defect and provide fine aluminum and zinc alloy products. Make product price and quality competitive to satisfy our customers. To achieve a win-win solution for us. Customer satisfactions are Kao Yi's key to success, and Kao Yi keeps customers' trust and provides best quality services.
