數位電開水機

Digital Water Boiler

正字標記

100%台灣製造

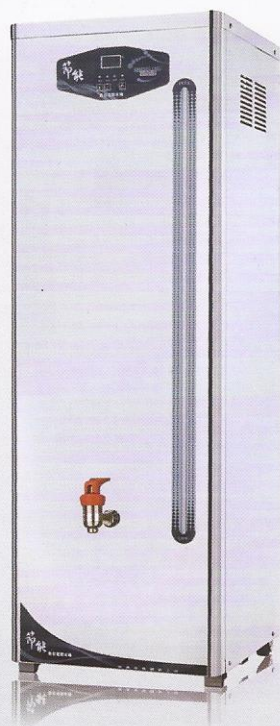

產品責任險

CNS國家認證

ISO9001認證

## 產品功能

|           |     |                                   |
|-----------|-----|-----------------------------------|
| 品 規       | 名 格 | 貯備型電開水機                           |
|           |     | HS-10GB 10加侖 寬42×深41×高83cm        |
|           |     | HS-20GB 20加侖 寬42×深41×高127cm       |
|           |     | HS-30GB 30加侖 寬46×深46×高133cm       |
|           |     | HS-40GB 40加侖 寬52×深51×高186cm (含腳架) |
|           |     | HS-50GB 50加侖 寬61×深60×高186cm (含腳架) |
|           |     | HS-60GB 60加侖 寬66×深66×高186cm (含腳架) |
| 材 質       |     | 外殼採用304#不銹鋼鏡面鋼板材質                 |
|           |     | 機架採不銹鋼材質內桶採用304#不銹鋼材質             |
| 電 壓       |     | 220V 50/60Hz (可依現場電壓交貨，三相需訂製)     |
|           |     | 加熱器4KW                            |
| 進 水 口     |     | 1/2"                              |
| 安 全 裝 置   |     | 2P30A漏電斷路器、過熱保護開關                 |
| 可 選 購 配 備 |     | 過濾器兩組(第一組纖維濾心、第二組活性炭濾心)           |
|           |     | 三相電壓 / 不銹鋼水盤組 / 加高不銹鋼腳架 / 特殊需求修改  |

|      |                                    |
|------|------------------------------------|
| 顯示功能 | 具加熱燈、沸騰燈，節能燈，補水燈、LED溫度顯示功能、故障碼顯示   |
| 控制功能 | 具自動加熱功能、再沸騰鍵，強制進水鍵、節能鍵             |
| 保護功能 | 微電腦水位偵測功能，過熱保護安全偵測、缺水停止加熱功能、漏電保護功能 |
| 節電功能 | 1-99小時待機設定功能                       |
| 補水功能 | 自動補水模式、手動補水模式                      |

## 品質保證

|      |                                                                    |
|------|--------------------------------------------------------------------|
| 品質保證 | 通過國家標準CNS3910、CNS3765、IEC60335-2-15及CNS13783-1檢驗合格，榮獲國家品質商品驗證登錄證書。 |
| 責任保證 | 本公司已投保2000萬產品責任險。                                                  |
| 衛生保證 | 產品符合衛生署公告食品衛生容器規範，健康更加分。                                           |

|               |                                                                                                                                             |                    |              |                                                                   |              |              |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------|--------------------|--------------|-------------------------------------------------------------------|--------------|--------------|
| NAME          | Digital Water Boiler With Storage                                                                                                           |                    |              |                                                                   |              |              |
| MODEL NO.     | HS-10GB                                                                                                                                     | HS-20GB            | HS-30GB      | HS-40GB                                                           | HS-50GB      | HS-60GB      |
| SPECIFICATION | W42*D41*H83                                                                                                                                 | W42*D41*H127       | W46*D46*H133 | W52*D51*H186                                                      | W61*D60*H186 | W66*D66*H186 |
| MATERIAL      | Cases adopt SUS#304 stainless steel, mirror surface material Frame adopt stainless steel material, water tank adopt SUS#304 stainless steel |                    |              |                                                                   |              |              |
| VOLTAGE       | 110V / 220V 50Hz / 60Hz                                                                                                                     |                    |              |                                                                   |              |              |
| DUTY          | Heater 4000W                                                                                                                                | WATER INLET SIZE   |              | 1/2"                                                              |              |              |
|               |                                                                                                                                             | SAFETY             |              | 2P30A Leakage Circuit Breaker, Overheat Protect Switch            |              |              |
|               |                                                                                                                                             | OPTIONAL EQUIPMENT |              | 2-Stage Filter, Special Voltage, Stainless Steel Drip Tray Set... |              |              |

## FUNCTION

Display: Heating Light, Boil Light, Water Supply Light, LED Temp Display, Code of Breakdown Display.  
 Control: Heating automatically, re-boil button, water inlet button with strong hand, power saving button  
 Protect: Water level detection, safety exam of temperature, stop heating when water shortage, leakage circuit breaker  
 Save power: 1-99 hours standby hours  
 Water supply function: water supply automatically mode, water supply manually mode

## ASSURANCE

Quality: Pass CNS, ISO 9001    Responsibility: 20 Million product insurance.    Hygiene: Conform the standard of FDA

1~99小時節能待機設定，省荷包，做環保，全數位程式控制，高穩定低故障率，LED故障碼顯示，辨識容易快速維修，雙補水控制模式，適合不同需求設定，具再沸騰功能，可隨時加熱至100℃，微電腦溫度調整，迎合不同溫度需求，過熱保護安全偵測，防止危險發生，智慧溢位偵測控制，判斷異常自動斷水，台灣生產製造，品質有保證，分層沸騰補水控制，防止飲用生水，全機不銹鋼材質，實用耐操耐磨，符合衛生食品容器規範，健康更加分。

1~99 standby hours saving energy setting. Digital control allows Boiler in a low breakdown rate. LED breakdown code helps excluding faults conveniently. Two water supply system supplying water instantly or supply only when the water level downs to a certain point as alternative. Re-boil function allows access to heat hot water to 100℃ as pleased. Micro computer allows you to seat your own temperature requirement. Overheat safety protecting setting. Smart detection cutting off water supply automatically while boiler are out of order. Made in Taiwan. Quality granted. Sectional water supply system separate raw water from drinking water. Frame adopts stainless steel material, make it practical and durable. Hygiene standard Conformed by FDA.
